

...Dream Theater Opening Night...

On Friday, Aug. 20th a few of the PRIDE Transit staff attended the Grand Opening Celebration of *Dream Theatre* Center for the Performing Arts.

What a wonderful evening. It started with the ceremonial ribbon cutting with the Roseville Chamber of Commerce and the cast and crew. We were then ushered inside where there were buffet tables set up. If they were selling tickets it would have been a 'sell out' as it was Standing Room Only. The performance itself consisted of 3 sets with the cast singing and dancing their way through many of our favorite Beatles songs including All You Need Is Love, Eleanor Rigby, Hello Goodbye and Hey Jude. There were solos, duets, melody's and even some fine ad-libbing by the emcees. The 'Living Statues' did a great job remaining motionless during their turns in the hot seat. The enthusiasm and joy spread from the stage to the audi-

ence. Looking around the room you could see nothing but smiles. The evening progressed quickly and came to an end with a well deserved standing ovation. Although the performance was short lived, the feeling we left with lasted through the weekend. It was great relating what we observed and how it made us feel to friends and family.

If you get the opportunity, I highly recommend you take time to view a Dream Theatre performance. You won't be disappointed.

Thanks again to the cast and crew of Dream Theatre. We wish you many years of successful performances
